The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They built up distributing systems—refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

TELLS OF WAR EXPERI- ENCES.

Charles W. Payne is With Veter-
inary Detachment in France.

Charles W. Payne, son of Mr.
and Mrs. J. F. Payne, of 519
Limestone street, is with a veter-
inary hospital detachment at
Nazaire, France. His organiza-
tion at present has about 2,500
horses under its care and there
is lots of work, he writes home.

"I don't know when we will
get to come home," he says,
"for we are going to get 1,190
more horses here this week and
we have about 1,500 now, so
you see it will be some time be-
fore we get to leave. I have
wished many a time that I could
have stayed at home or been in
some other branch of service, for
this is the worst there is. You
never get any rest."

Writing of his experiences and
of his trip to France, Payne says:

"We started on our trip to
cross the pond the 25th day of
July. We had a small lunch at 4
o'clock in the afternoon and at 5
o'clock we were lined up for our
hike. We hiked nine miles and
got there at 8 o'clock that night
and got on a small boat and
sailed down James river to New-
port, News, arriving there at day
light the next morning. It was
City Point where we hiked to.
We didn't have anything to eat
on the road. The good Red
Cross girls gave us coffee, that
was all we had for 24 hours. We
were so crowded we couldn't sit
down, so we stood up most all
night. When one would lay
down on the deck, with his pack
for a pillow, someone would fall
over his hob nails and he would
come out of it."

"We loaded onto the big boat
at 11 o'clock the morning of the
26th. We were 11 days crossing.
When we got to where we could
see land we sure were a happy
lot of boys. We couldn't have
any lights after 4 o'clock in the
afternoon—gee, how I wanted to
smoke! I was on guard one night
and saw a light like someone
smoking on the top deck. I went
up and arrested him and took
him to the captain. When he
was turned loose he had forgot
he ever had the habit of smoking."

"We had our raft drill every
day. One day they sighted a
submarine and we got on our
life savers on in two counts and
lined up for a little bath in the
salt water."

"We anchored in the harbor
the sixth day of August and on
the morning of the seventh we
unloaded and hiked three miles
without any breakfast. It was
3 o'clock in the afternoon when
we finally got our stove and grub
packed there and got something
to eat. We had two pieces of
dried peaches, a piece of bacon,

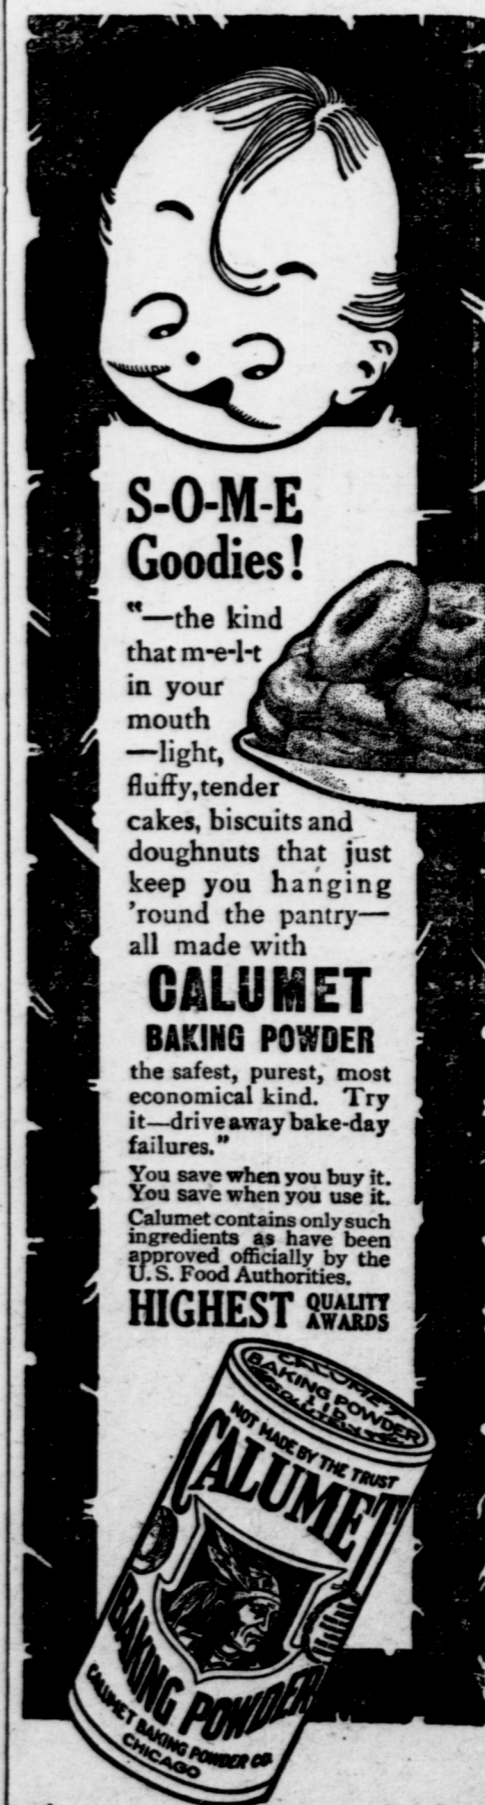

one piece of bread and a cup of
water. It was beans three times
a day after that until we moved.
It has been getting better ever
since, though and we get pretty
good grub now."

McH 20, 1919.

Dear Mother and all:—

Will write you a few lines to
let you know that I am well. I
hope this letter finds you all the
same. The weather here is very
pretty now but I don't know
how long it will last. I suppose
they are beginning their spring
work. How are Edna and Eli?
I haven't heard from any one
over there for months, so I hope
to hear from you all soon and I
hope to get home sometime this
summer, but I don't know wheth-
er I will make it or not. It seems
as though they are going to
keep us over here. There has
been quite a little sickness over
here but I have been lucky so
far to keep well. I suppose J. J.
McDuff is back on the job now.
The last time I saw him he was
on his way home. It has been
some time ago. I certainly
would like to get on that water
again, headed towards New
York. I suppose Troy Rich has
his Discharge by this time. Be-
lieve me I sure wish I had mine.
It has been nearly a year since
I came in the army, but it does
not seem that long, and some-
times though it seems like it has
been four years. I guess it
won't be a great while longer. I
hope not any way. Well, it hurt
me awful bad to hear of little
Russell's death. I had dreamed
of him so much and had planned
so much of seeing him again, but
as God has seen best to take him
away, I hope to meet him in the
end. That is a debt we all have
to pay sooner or later and there
is a chance for us all to meet him
again, but it is up to us to do
that. So let us all meet his dear
little face in the end. Hoping
to hear from you all soon and
that all are well.

I am, Your loving son,
ELMO.

SUGGESTION FOR A CAMPING TRIP.

Buy a bottle of Chamberlain's
Colic and Diarrhoea Remedy be-
fore leaving home. As a rule it
cannot be obtained when on a
hunting, fishing or prospecting
trip. Neither can it be obtained
while on board the cars or steam-
ships and at such times and
places it is most likely to be
needed. The safe way is to have
it with you.

Rockcastle had a quota of \$67,160 in the Victory Loan, but up to date only about \$41,000 is in sight and it looks very much like the county is going to finish about \$20,000 to the bad. This is the first time Rockcastle has fallen short in any of the drives, but many who have helped in former drives, says the war is over and that they are done, the result Rockcastle stands as above stated.

CIRCUIT COURT.

The Rockcastle Circuit Court convened Monday. Possibly the smallest crowd that has ever witnessed the opening of Circuit Court was here Monday. It is a busy season and those who did not have business at court staid at home and worked. Judge B. J. Bethurum, who is feeling much better than when here in February, is on the bench. A half dozen or more attorneys from the Harlan bar are defending including J. Tucker Bowling, Atty. C. C. Williams and L. W. Bethurum are also for the defense. B. B. Report of Walter D. Hines, Director General of the Federal Railroad Administration, for the first three months of 1919, shows an increasing loss. Mr. Hines, while admitting the urgency of the situation, blames the low revenue on poor business conditions, which he points out are still on a war basis. Rates cannot or should not be increased further, he asserts.

WAR RISK INSURANCE.

Government insurance on lives of soldiers and sailors will be continued in effect automatically for one month after the end of the month in which a man is discharged from service, even if the man does not pay his premiums, Henry D. Lindsley, Director of the War Risk Insurance Bureau, announced today. After that time the policy is considered to have lapsed and will be lost unless application for reinstatement has been made. A lapsed policy will be reinstated if application is made within six months. Another new ruling of the bureau is that physical disability of a discharged soldier will be recognized after his discharge, even though records show he was sound on leaving the service. Many men, anxious to be discharged, claim to be sound physically, though they may partially be disabled and later develop ailments which entitle them to free treatment in Government hospitals.

American women are to play an important part in the presidential election in 1920. The stage is being set for them now by the steering committees having the 'Woman Suffrage Bill' in charge in both Senate and House. Reports are coming in to the committees from woman suffrage organizations in all states advising that they are successful in lining up the majority of Congress who have been home on vacation between sessions, also telling that the new members who will take their seats for the first time when the extra session begins, have not been omitted in their campaign. It looks as if the Woman Suffrage Amendment will become a certainty within the next few months.

IT'S NOT YOUR HEART

IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to kidney trouble. The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago. All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes, money refunded if they do not help you.

OLDHAM'S VICTORY SEEMS CERTAIN

PRESS OF STATE PRAISES YOUNG WINCHESTER CANDIDATE FOR LIEUTENANT GOVERNOR.

That R. C. Oldham's candidacy for the Democratic nomination for Lieutenant Governor has been favorably received there is no doubt. His campaign has been conducted in a progressive spirit and a determination to win. His friends have formed an R. C. Oldham Club to further his interests. The state press comments very favorably upon his candidacy.

"Col. Oldham is one of the most active young Democrats in the State. During many campaigns he has always been in the very heat of the contest in the interest of the Democratic nominees. It is our policy to refrain from committing ourselves in primary elections, but it is our purpose to support Col. Oldham throughout this campaign, believing that this sturdy young Democrat, if chosen, will fulfill every pledge in his platform and serve the constituency with honor and credit."—Daily Democrat.

"Oldham is a young man of sterling qualities and will do his duty as a public servant. We would like to see him elected to this office for we believe that he will serve the people of the state in a way that will cause no regret for having given him this honor."—Ewing Enquirer.

"The Journal of Labor can not fail to support a man who openly declares for such principles. We ask no favors of Mr. Oldham, but wish he were a candidate for Governor. He is a clean, honest and able young man, who is conducting a remarkable campaign. As he says, 'He has his hands in his own pockets—not the taxpayers.' There is no question but that Mr. Oldham will receive the votes of the wage-earners of Kentucky. Here's to you, Oldham; we believe that your principles will not only make you Lieutenant Governor but carry you to the governor's chair."—Journal of Labor.

"Oldham has shown himself to be conscientious in the discharge of responsibilities that devolved upon him, red blooded, patriotic and unswerving in integrity. He is above narrow, factional policies and holds a public office far above a salaried consideration. This brilliant young Democrat is offering his services to the people in the prime of vigorous young manhood and if elected to the high office he seeks the people whose appreciation of his ability and worth have placed him there will find in him a faithful, able and upright official, actuated by a love for their welfare and the glory of the State."—The Kentucky Knight.

"Col. Oldham is a progressive Democrat and progressive citizen and a successful lawyer. If nominated and elected we believe he would give a progressive administration and one that would prove creditable alike to himself and to the party."—Interior Journal.

The Oldham Club is doing some very effective work for their candidate independent of his campaign. They say "The club is formed to make absolutely certain the deserved success of our friend and candidate. We KNOW Oldham and want the people of Kentucky to KNOW him as we do. In laying the corner stone of his political career he said, 'I believe a public officer is only a servant of the people' and we know he means it."

J. B. PIKE IN FRANCE.

Menil La Tour, France.
Co. N. 6th Bu 22. Eng.
April 23, 1918.

Dear Dad and Mamma:—
How are you all by now? I am well and feeling fine. I am still running an engine and have a boy from old Ky., firing for me, so we pass the time away very well. Our subject most of the time is of home, sweet home, how we would like to be there etc. This is a narrow gauge Railroad we are on. I don't have any idea when we will get home. We are hauling rock for the Yanks to repair the highway of this country. The rumor is that the French are going to take the R. R. over very soon but one knows nothing until it has happened in the army. I was under shell fire six weeks in October and November. We were at Raymokes, France then, and we had orders to move into the front line when the armistice was signed. I was on an ammunition train going to the front when we stopped and got off and watched the big smoke come up and heard the machine guns quit popping and the cannons quit firing. We were hauling French No. 75 shells, the

Americans were using the French guns to Benny, only one mile behind the front line trenches. We were ahead of the Yanks artillery every night. They would not let us go up there during the day and lots of nights we would have to fill our little engine full of coal and run to a hole in the ground—dugout—and often we returned to our train to find the track blown up in front of us or maybe one or two cars blown up. They usually shelled about 30 minutes and then changed the range which just suited us for we sure did our work in a hurry and got back from the lines as quickly as possible. I went in the trenches one day in a motorcycle with a boy I knew—a Dispatch rider and saw some boys of the 90th Division in action. They were sure giving the Dutch all they had. I had the pleasure of shooting nine 75 shells at the Huns. I hid in the car with a blanket over me and got by the military police. I saw a lot more that day than I had ever imagined. No one has any idea of what these Yanks went through unless he had seen some of it. There were eleven crews of us R. R. men called one afternoon at 3 o'clock to go to Bernecourt, get six cars of "Personal" each and take them to Essay and wait there and bring back six cars of "Personal" (troops). This was the worst night I ever saw on the front. We delivered the troops up there at nine o'clock, they had to hike to the trenches and the troops relieved hike back to the cars and old Fritz spied them exchanging troops and began to shell that country. There were a number of men lost in the exchange. We were obliged to leave our trains for one hour and forty minutes when the Germans ceased fire. I will say that in all my life I never saw a bunch of men look worse than the ones we brought from the front—Some of them with their leggings torn off and some with their pants all torn; dirty, tired and worn out. They had been in the trenches forty days so you can imagine how they felt. We were in one gas attack. We were at the front with a train of rations and Fritz shot some gas in that section. It was not so strong back where we were but we had to wear our gas masks about thirty minutes as we were passing through a hollow where the gas had settled about one mile behind the lines. It is pretty hard to run an engine with a gas mask over your face but believe me I did not lose any time getting out of that hollow. This Country! It has been raining for a month, every day and it is not warm either. I was on a fifteen days vacation just recently. I was in the Old Elks Mountains in Italy and on the Mediterranean sea in Southern France. That is a lovely country. I certainly did enjoy my vacation and saw lots of interesting scenery. I have also been in Germany. The 21st Engineers relieved us on the R. R. for a month and we salvaged steel, narrow gauge R. R. steel. We were on the old 1370 battle field in Alsace Lorraine. We were the only troops in there and the people were very nice to us. But we are now back here at Menil La Tour and it looks like we are here for some time but I certainly hope we start for the good old U. S. A., very soon. Well, dad and mother, don't worry any about me for I am alright and maybe it won't be long until you can call Uncle Ben Yaden down to the house and I can tell you all about France and some about Italy and some about England and a little about Germany. Well, I had better close as it is about time for "chow" and that is a soldiers delight. Tell all the folks hello and to write to me.

Your son,
JAMES B. PIKE.

DO YOUR BEST.

Everyone should do. All he can provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick, a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.
